How Do I Retrieve my Member Number and Password"

How Do I Retrieve my Member Number and Password Instructions

By Dave Broeker

Last Updated - 09/16/07

If you don't know or don't remember your VDHA Member Number or Password, you may retrieve both of them very easily.

1. Select the Member Area in the upper right hand corner of the VDHA Home Page.
2. Click in the box on the word "Here" to advance you to the "Retrive Account Information" page.

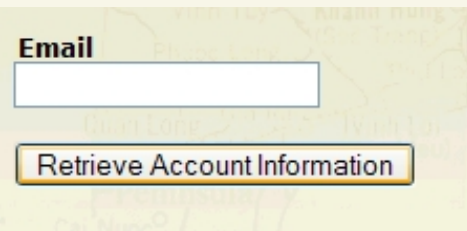

Member Area

Click [Here](#) to Retrieve Password & Member Number

To view Member Area, your membership dues must be up to date.

LOGIN

3. Please enter your e-mail address in the field.

Email

Retrieve Account Information

4. Click on "Retrieve Account Information" button.

5. The information will automatically be e-mailed directly to you, immediately.

(Please allow 30 to 60 seconds for slow phone modems).

If your e-mail address is current with the VDHA, you will be e-mailed the information. If you do not receive a return

e-mail in a few minutes, then the VDHA has an incorrect e-mail address in your profile. If you have difficulties

retrieving your information during this process, and you are sure you have been a member in the past, please contact

the [Treasurer, Secretary, or Webmaster](#) via "Contact Us", by clicking [HERE](#), to update your e-mail address. Once your e-mail address is updated and in our database, the "Retrieve Account Information" option will work properly. Also, please remember that even though you may be in possession of a member number and a password, if your account is in arrears, you will *not* be able to access the "Member Area" until the treasurer receives your dues and codes your account as "active". Thank you for your patience.
